

Family Nurse Practitioner Job Description

Employer:	Hope Family Care Center
Address:	3027 Prospect Avenue Kansas City, MO 64128
Web site:	hfcckc.org
Reporting To:	Dr. Jeremy Kirchoff, Medical Director
Our Mission:	To honor God by providing quality, personal health care.
Our Vision:	We envision all residents of our east side community receiving quality, personal health care, enabling them to achieve optimum health. Preventive health care will become normal, regardless of one's income. Sustained high quality, personal health care will contribute to the transformation of our community.
Description:	The Family Nurse Practitioner will provide primary healthcare for our neighborhood, while working closely with a local university to assist in training nurse practitioner students. This person will feel called to serve in a low-income urban area and have a heart for an urban population. A passion for providing holistic and preventive health care is essential, especially to the forgotten people of our city. This Nurse Practitioner must be committed to investing the time necessary to building the practice.
Position Summary:	The Family Nurse Practitioner provides professional, comprehensive primary medical care to ambulatory HFCC patients in collaboration with health center staff physicians.

Key Responsibilities/Skills

1. Compassionate, good listener, able to pick up on and address subtle non-verbal cues from patients that might impact on the diagnosis and treatment.
2. Able and enthusiastic to work with an underserved, marginalized patient population, which requires extra time, patience, and effort.
3. Obtains health history and performs a physical exam to determine a diagnosis and treatment plan in accordance with established standards, procedures, protocols, and Collaborative Practice Agreement with physician. Care involves preventive and acute/chronic disease management for pediatrics and adults. Experience in prenatal care and office procedures would be helpful, but can be taught.
4. Orders lab tests and imaging studies, writes prescriptions, and makes referrals, as appropriate.
5. Consults and works collaboratively with physicians and other health care providers to develop effective treatment plans. Provides direction to other personnel and reviews medical records to verify that each patient's care plan and medical needs are being met.
6. Counsels patients and/or significant others concerning physical and developmental well-being and lifestyle change.
7. Will supervise and teach Nurse Practitioner students three days a week in collaboration with University of Missouri – Kansas City.

Family Nurse Practitioner Job Description

8. Ensures continuity of patient and family care by exchanging information and cooperating with other community health/social service agencies, hospitals, and health care providers. Guides patients and/or significant others in their use. Collaborates with HFCC staff to help patients access these resources.
9. Records complete and accurate documentation of patient visits utilizing electronic medical records.
10. Attends staff and provider meetings to ensure quality of care for patients; participates in development and/or revisions of specific protocols; participates in peer review, performance evaluations, and the review of improvement data to assess and advance quality improvement measures.
11. Shares after-hour clinic phone call coverage with physician.
12. May be required to do some evening or Saturday clinics.
13. May perform other duties as required.

Required

Qualifications:

- 1) A commitment to honoring HFCC mission.
- 2) A strong work ethic, leadership abilities, and interpersonal skills.
- 3) Licensed as a registered professional nurse in Missouri
- 4) Documentation by the Missouri State Board of Nursing as Advanced Practice Nurse

Type:

Full-time

Salary & Benefits:

Salary is \$81,600K, plus health and dental insurance.
